

ALFA ROMEO GIULIETTA (Compatible with double DIN devices)

Installation Manual Double DIN Kit

1. Unclip the trim frame surrounding the OEM headunit and remove it by pulling it in your direction.

2. Remove the OEM Radio

3. Cut the plastic frame and remove it, see the picture below:

Picture A (before cut the plastic frame)

Picture B (after cut the plastic frame)

4. Put the mounting brackets on the Double DIN Radio and fix it with the supplied screws

Place the Double-DIN Radio and fix in the car with the radio frame
