YOUR WAY

IN-CAR INFOTAINMENT GUIDE 2026

YOUR JOURNEY YOUR WAY

Your car is your own space, your escape, and the setting for every journey. It's where you find the perfect song for the open road and create lasting memories. At Pioneer, we believe your drive should be truly yours. This catalogue is dedicated to every driver who follows their own path and wants technology that fits their life, not the other way around, because the journey isn't just about the destination; it's about making every moment yours.

RETRO OUTSIDE, SMART INSIDE

The new SXT-C10PS is where classic design meets modern technology. It's for the driver who wants a unique, retro look without compromising on performance.

Inside its sleek, timeless casing is pure, modern audio. Expect crisp, clear sound and powerful bass that brings your music to life. This isn't just a radio; it's a statement.

It's your style, your sound, **your way.**

SXT-C10PS

SXT-C10PS

Retro outside, smart inside

Created specifically for classic / Oldtimers, this head unit is more than just a traditional car stereo, it is a statement piece for drivers who appreciate classic retro designs without compromising on modern functionality.

Stay Connected

The SXT-C10PS has built-in Bluetooth® for hands-free calling and wireless audio streaming. Also enjoy DAB+ Digital Radio, giving you access to high-quality broadcasts with minimal interference. The front inputs make it easy to plug in your devices, or charge your phone, all while keeping the sleek, retro look intact. Expand smartphone connectivity even further with Pioneer's Smart Sync App.

Advanced Audio Features

Pioneer has long been a leader in automotive sound engineering. The SXT-C10PS continues that legacy. Whether you're into bass, podcasts, or you're an audiophile geek and want to get the best out of your older speakers, you can customise, adjust and control a host of advanced audio features directly from the driver's seat.

Match Your Interior

The RGB multi-colour illumination allows you to customise the button and LCD lighting together or individually to match your vehicle's interior perfectly for that seamless integration into any dashboard. Whether you own a left-hand or right-hand drive classic / Oldtimer, or a Youngtimer, the Pioneer SXT-C10PS is designed to integrate perfectly.

*Additional colours are available.

Pioneer Smart Sync App

Pioneer Smart Sync app is the one-stop solution for getting the most out of your smartphone. From easy set up to bespoke personalisation and sound customisation, you can experience a 31-band graphic equaliser, or manually Time Align your speaker set up. Discover many other benefits including message reading, emergency calling, navigating with Voice Control (Alexa) and more.

YOUR VIEW YOUR WAY DISPLAY AUDIO

Pioneer Display Audio seamlessly integrates your digital life with your drive. With Officially Certified Apple CarPlay® and Android Auto™, your favorite apps, maps, and playlists are all on a responsive touchscreen.

Make calls and get directions with simple voice commands, keeping your focus on the road. It's the smart, simple way to stay connected and in control. Your journey, **your way.**

DISCOVER

PRODUCT OF THE YEAR

SPH-EVO 107DAB-UNI / SPH-EVO 107DAB-UNI2

When innovation is recognised, it's for a reason. Voted "Product of the Year", the SPH-EVO107DAB⁽¹⁾ / SPH-EVO107DAB-UNI2⁽²⁾ is the ultimate testament to what a car infotainment system can be.

This is the evolution of in-car connectivity, designed for a wider range of vehicles with its unique modular design. Featuring a stunning 10.1" HD floating screen, it delivers an immersive experience that puts your world in clear view.

With effortless wireless Apple CarPlay® and wireless Android Auto™, your entire digital life—from maps to music—is instantly accessible without a single cable. Add crystal-clear DAB+ Digital Radio and advanced audio tuning, and you have a system that is in a class of its own.

The SPH-EVO107DAB-UNI/2 is more than an upgrade; it's the new standard. It's the best of the best, built to let you drive exactly **your way**.

(1) Supplied with a universal 1-DIN installation kit.

(2) Supplied with a universal 2-DIN installation kit.

For compatibility with your vehicle, visit: pioneer-car.eu/fit-my-car

SPH-EVO107DAB-UNI & SPH-EVO107DAB-UNI2 DYNAMIC LUMINOUS BAR FEATURES

Dynamic Luminous Bar

The Luminous Bar links with your navigation app to provide visual route guidance, illuminating in sync with turns and voice directions. It also connects to your music, offering an immersive experience by fusing sound and light together in time with your tracks.

Turn-by-Turn Visual Assistance

Stay on course with dynamic turn-by-turn navigation visuals that display directly on the receiver's luminous light bar for quick, intuitive guidance.

Music Sync Mode

Linked to your music, providing a new entertainment experience through the fusion of sound and light, in time with the music.

UNIVERSAL FEATURES

Flexible Installation

Pioneer's One Size Fits All concept allows you to perfectly have the display screen where you want it. During installation position the display screen more forwards, backwards, left, right, up or down. You can also tilt the screen vertical display angle so the floating screen fits your dashboard perfectly at any time!

Two Screens, One Focus

Display Apple CarPlay® and the receiver's menu at the same time on one screen. Useful when you want to operate the music (i.e. Radio or USB) while looking at the map screen.

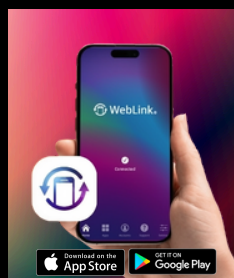

Seamless Vehicle Integration

By connecting the optional Pioneer Vehicle Bus adapter to a compatible Pioneer Display Audio product, you can retain and operate your vehicle's operation, such as vehicle information, gauges, climate control and parking assist on the Pioneer display.

Pioneer PxLink Companion App

Pioneer PxLink Companion App brings a custom-fit interface to your lifestyle. Enhancing the operability and the convenience of the compatible Pioneer Display Audio receiver, PxLink provides a safe and comfortable in-car experience. Easily update the receiver (OTR) to the latest firmware. Get notified of new features, updates, important news, and more.

WebLink®

WebLink® for compatible Pioneer Display Audio models expands the in-car entertainment experience with an amazing world of apps. Once you've downloaded the app, simply use your smartphone / tablet to connect to the compatible Pioneer Display Audio model, and then launch popular navigation, media, weather, and even calendar apps powered by your smartphone / tablet and the cloud.

SPH-EV098DAB-UNI⁽¹⁾ SPH-EV098DAB-UNI2⁽²⁾

Enjoy OEM quality and integration whilst retaining your original vehicle settings. Experience OFFICIALLY CERTIFIED Apple CarPlay® and Android Auto™ wirelessly through the high-performance 9.0" touchscreen.

SPH-DA97DAB-UNI⁽¹⁾ SPH-DA97DAB-UNI2⁽²⁾

This new flexible design makes the SPH-DA97DAB-UNI/UNI-2 compatible with almost any vehicle! Its large stunning 9.0" WSVGA Capacitive touchscreen allows for Pioneer's Split Screen Mode, where you can enjoy Apple CarPlay® and the shortcut menu at the same time on one screen. Safely operate your music (i.e. Radio, USB,) or other settings whilst looking at your map screen together.

Officially Certified

Pioneer receivers are OFFICIALLY CERTIFIED for the latest smartphone connectivity features. In order to pass their strict standards, Pioneer has carefully selected the USB connector components and other internal components. Pioneer provides more stable and reliable operation, with lower risk of trouble than unapproved models circulating in the world.

Easy Installation

Combining the physical design of the product and the correct installation kit, this product can be quickly and easily installed into many vehicles!

(1) Supplied with a universal 1-DIN installation kit.

(2) Supplied with a universal 2-DIN installation kit.

For compatibility with your vehicle, visit: pioneer-car.eu/fit-my-car

VEHICLE BUS

RETAIN AND OPERATE YOUR VEHICLE OEM FEATURES.

With the optional Pioneer Vehicle Bus adapter, (sold separately), you can continue to view and control your vehicle OEM features on a compatible Pioneer Display Audio product. The Pioneer Vehicle Bus adaptor allows you to retain and operate your vehicle's operation, such as the OEM vehicle information, gauges, climate control and parking assist all on the Pioneer display. The Pioneer Vehicle Bus adaptor is the best way to retain and operate your vehicle's OEM settings.

Vehicle Bus

By connecting the optional Pioneer Vehicle Bus adapter to a compatible Pioneer Display Audio product, you can retain and operate your vehicle's operation, such as vehicle information, gauges, climate control and parking assist on the Pioneer display.

Parking Assist

By connecting the optional Pioneer Vehicle Bus adapter, you can seamlessly retain your vehicle's parking assist features, displaying all the information directly on your Pioneer screen.

Vehicle Information

Keep insight into your vehicle's condition right from your display. The optional Pioneer Vehicle Bus adapter lets you retain and view key data such as tyre pressure, VIN, engine light, and battery status.

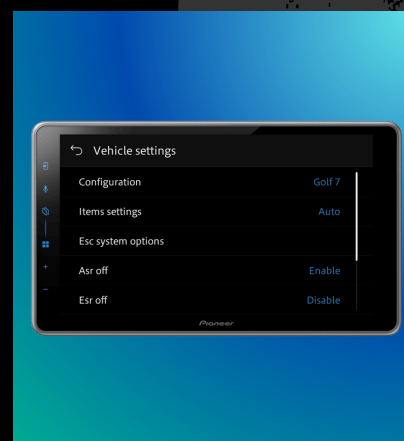

Gauges

Transform your Pioneer screen into a comprehensive dashboard. The optional Vehicle Bus adapter allows you to retain and view crucial vehicle gauges with ease.

Climate

With the optional Pioneer Vehicle Bus adapter, you can fully control your vehicle's climate system directly from the Pioneer display.

Vehicle Settings

Transform your Pioneer screen into a comprehensive dashboard. The optional Vehicle Bus adapter allows you to retain and view crucial vehicle gauges with ease.

YOUR SOUND YOUR WAY CAR AUDIO

The heart of your car's sound system isn't just a radio; it's the command center for your entire audio experience. Our **car audio receivers** are engineered to be the perfect hub for your music, whether you're streaming from your phone, tuning into DAB+ digital radio, or listening to a classic playlist. They provide the power, control, and clarity needed to make every song sound its best.

It's about taking command of your music and creating the perfect atmosphere for every journey. It's your sound, **your way**.

CAMPERVAN LIFE YOUR WAY

The camper is your home away from home, and that experience should be as personal as your own house. With Pioneer Campervan Solutions, you have the control to create your perfect trip. You get seamless connectivity, powerful entertainment, and smart navigation, all designed to perfect every mile.

Create the ideal atmosphere with crystal-clear audio and intuitive displays. Stay connected and enjoy reliable integration that makes every journey safer and more pleasant. Wherever the road takes you, you decide the soundtrack, the route, and the entertainment. This is your trip, your technology, **your way.**

CAMPERS SOLUTIONS

19 | COMPARISON CHARTS - DASH CAMERAS - AMPLIFIERS - SUBWOOFERS - SPEAKERS - CAMPERVAN SOLUTIONS - CAR AUDIO - DISPLAY AUDIO - SXI-G10PS

PIONEER CAMPERVAN SOLUTIONS

Discover Pioneer's Custom Fit solutions for motorhomes and campers with easy installation, enhanced safety, comfort, and infotainment.

Pioneer's SPH models allow you to use your favourite motorhome navigation app, including specific points of interest (POIs), directly from your connected smartphone. Alternatively, the AVIC models feature built-in European navigation maps designed specifically for motorhomes.

Both of these Pioneer systems offer advanced features that go beyond what traditional navigation devices provide. They calculate motorhome-specific routes to help you avoid narrow roads, low bridges, and weight restrictions. This, combined with clear map guidance and voice assistance, makes driving much safer.

These systems also include officially certified technology such as wireless and wired Apple CarPlay® and Android Auto™ with live traffic data. You also get a built-in DAB+ Digital Radio and Bluetooth for hands-free calls and music streaming.

CUSTOM-FIT PRODUCTS

Our Custom-fit kit products come complete with wiring harness and fitting kit to enable installation.

Fiat Ducato 8

Ford Transit

Volkswagen T6.1

SPH-EVO107DAB-C-D8

This custom-fit product is designed for the campervan Fiat Ducato 8 (model year 2021 onwards), featuring 10.1-inch wide touchscreen, wireless Apple CarPlay® and Android Auto™, and a campervan navigation app. It is part of the Pioneer custom-fit range, ready to install in multiple campervans

<https://pioneer-car.eu/car-entertainment/campervan-navigation>

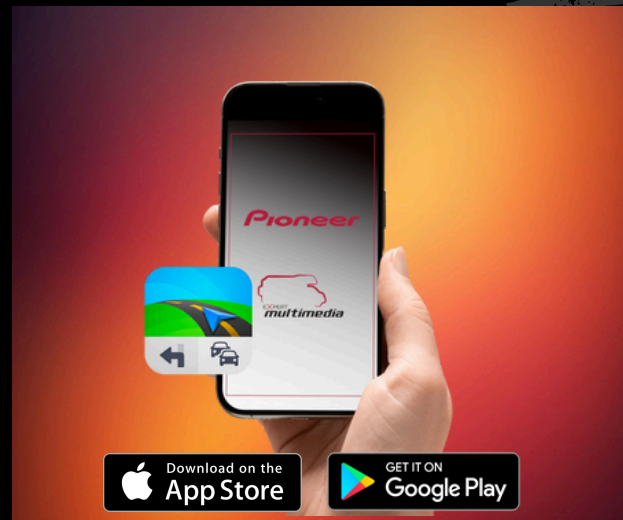

DCT-WR204-SH Wi-Fi® Router

Your ultimate solution for staying connected on the road. Create a reliable, secure Wi-Fi® hotspot in your campervan and save on mobile data with its smart repeater function. This all-in-one system features dual internal antennas and a powerful, roof-mounted MIMO antenna, ensuring strong, reliable coverage even in remote areas. With dual-band 2.4GHz/5GHz support, multiple devices can stream, work, and stay online at the same time, giving you the freedom to live and travel on your own terms.

TS-STX080 Speakers

Designed to bring high-quality audio to the living space of your vehicle. Far from standard car speakers, they feature a secure, flexible arm that allows you to install each satellite speaker exactly where you want it. With their sleek, contemporary design, these speakers are more than just a sound system; they're a stylish addition that perfectly complements your cozy interior.

Pioneer Camper Navigation app

In collaboration with Sygic®, this Camper Navigation App allows you to navigate across 48 countries, with downloadable offline European maps, including 3 year map updates and Live Traffic Information and more. Enter the vehicle dimensions and weight and the app will then navigate your route to avoid narrow roads, low bridges / tunnels, or even bridges with weight restrictions. It includes 24,000 Points of Interest (POI) selected by PROMOBIL including campsites, hotels, restaurants, tourist attractions, etc.

Experience music in its purest form exactly as the artist intended. At Pioneer, we are dedicated to crafting automotive loudspeakers that deliver true, uncompromised audio. Through meticulous engineering, advanced computer modeling, and a passion for perfect sound, we create speakers that transform your car into a concert hall.

It's about more than just sound; it's about a personal connection to every note, every beat, every word. This is the true sound of Pioneer, personalised and perfected your way.

PURE SOUND YOUR WAY SPEAKERS

Z SERIES

Engineered for the ultimate listening experience, the Z Series delivers **High-Resolution Sound** with incredible clarity and detail. Built with highly advanced technology and the most carefully selected materials, these speakers are for those who demand nothing less than the best.

OPEN & SMOOTH™

D SERIES

The D Series delivers on its promise of **Bold Sound & Wide Coverage** thanks to our **OPEN & SMOOTH™** sound concept, these speakers provide a broad and balanced frequency response with a wide soundstage, making every note an immersive experience.

OPEN & SMOOTH™

A SERIES

The **A Series** is designed for a perfect OEM sound upgrade without the hassle. With an easy-to-install design, you can quickly experience Pioneer's famous **OPEN & SMOOTH™** sound concept, delivering rich bass and a well-controlled sound.

G SERIES

The **G Series** is the ideal solution for a simple yet powerful upgrade. With its wide and easy install ability, these speakers offer a massive sound improvement and excellent value. Experience deep, impactful bass and natural highs, bringing new life to your music even with your original stereo.

R SERIES

Experience a sound that's strong, loud, and aggressive. Built for powerful impact, these speakers feature a specially engineered multilayer mica matrix woofer cone, which delivers punching bass and a well-defined midrange.

Custom-Fit Series

Easily upgrade to higher quality sound with speakers designed for a hassle-free installation. They feature a unique connector, so there is no need for additional adapters or modifications. A high-performance **IMPP** (Injection-Moulded Polypropylene) cone ensures rich, powerful bass, making a significant step up from your factory system.

FEEL YOUR MUSIC **YOUR WAY** SUBWOOFERS

Experience deep, powerful, and precise bass with Pioneer subwoofers. Thanks to advanced technology and carefully selected materials, they deliver an immersive sound experience that lets you feel every beat.

Whether you crave ground-shaking thumps or a smooth, precise low-end, our high-performance subwoofers deliver. They're engineered for accuracy, giving you total control to perfect your sound exactly as you want it.

TS-WX400DA Active Subwoofer

- **Space-Saving Design:** Its small footprint and compact dimensions make it easy to install in tight spaces.
- **Digital Bass Control:** Enjoy deep, dynamic, and perfectly controlled bass thanks to this innovative technology.
- **Powerful Amplifier:** A built-in 250W Class-D amplifier delivers strong, efficient, and impactful sound.
- **Compact Dimensions:** Measuring just 300 mm (W) x 100 mm (H) x 200 mm (D).

TS-WX140DA Active Subwoofer

- **Space-Saving Design:** With a slim, compact footprint, it's easy to install in a wide variety of locations.
- **Digital Bass Control:** Enjoy deep, natural, and dynamic bass that is precisely controlled to match your music.
- **Powerful Amplifier:** A built-in 170W Class-D amplifier delivers strong, efficient, and impactful sound.
- **Compact Dimensions:** Measuring just 280 mm (W) x 200 mm (H) x 70 mm (D).

TS-WX010A Award winning ultra compact Active Subwoofer

Don't compromise on bass just because of a lack of space. The TS-WX010A is an ultra-compact active subwoofer designed to fit where traditional subwoofers can't perfect for tight spaces like a car's footwell.

This small but mighty subwoofer delivers powerful bass thanks to its built-in Class-D amplifier and the innovative Bass Sound Creator concept. The result is an impactful and quality bass that you can feel, all from a discreet and space-saving design.

A Powerful, Precise Core

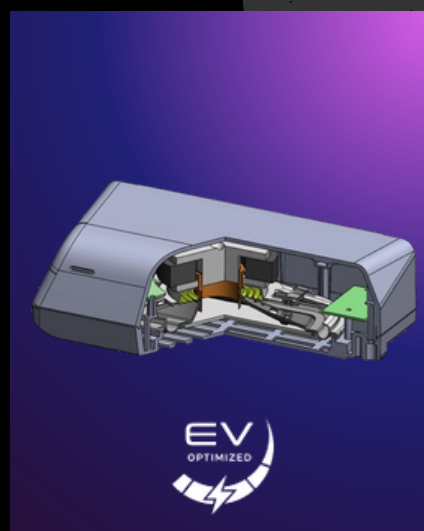

A high-power magnetic circuit drives the subwoofer cone with incredible force. Thanks to a large, carefully balanced magnet and optimized internal components, we've created a strong force to drive the voice coil. This design ensures maximum cone movement for deep, powerful, and accurate bass.

The Urethane Surround

A specially developed urethane surround provides precise, controlled motion. This component is light, thick, and durable, allowing it to maintain a strong, controlled motion under heavy load. The result is a clean, accurate bass sound, even in a small enclosure.

The Aluminium Diaphragm

The aluminium diaphragm is the secret to powerful bass from a compact subwoofer. This material ensures an accurate and strong cone movement, even under high pressure. The result is a clear, distortion-free bass, giving you a powerful and pure sound.

POWER UP YOUR WAY

Take your in-car audio to the next level. Pioneer amplifiers are world-renowned for their unmatched quality and durability, offering a complete sound transformation even when connected to your original audio system.

Adding an amplifier to your setup ensures you'll experience a deeper, stronger bass and a more relaxed, detailed, and dynamic sound. It's the perfect companion to bring your music to life. Thanks to their remarkably small footprint, Pioneer amplifiers are designed to deliver massive power without taking up valuable space, giving you total control over your listening experience, completely your way.

GM-DX104 Compact Amplifier

Experience a massive sound upgrade without sacrificing an inch of space. The GM-DX104 is a compact, micro 4-channel amplifier designed to be effortlessly installed almost anywhere.

This compact amplifiers delivers 400W of clean, efficient power with High Resolution Audio support, thanks to its advanced Class-D technology. With its universal compatibility, it works seamlessly with both your original factory stereo and aftermarket systems, even in electric vehicles.

Dimensions: 181 mm (W) x 38 mm (H) x 64 mm (D)

GM-D9704

This high-performance 4-channel amplifier built for uncompromising performance.

This amp utilises advanced Class-FD technology to deliver a staggering 1600W of clean, full-range power. Its efficient design ensures it stays cool while providing incredible audio fidelity and dynamic punch.

Dimensions: 302 mm (W) x 60 mm (H) x 215 mm (D)

GM-DX874

The GM-DX874 is a High Resolution Class-FD 4-Channel Bridgeable Amplifier with Gold RCA Terminals, Hi-Res Audio Capable, HQ Sound Parts and Wired Bass Boost Remote that delivers 1200W of stunning, clean power. Built with high-quality parts and Gold RCA Terminals, it provides an unparalleled listening experience. Its bridgeable design and included Wired Bass Boost Remote give you total control to customize your sound.

Dimensions: 252 mm (W) x 60 mm (H) x 215 mm (D)

DEQ-S1000A2

The DEQ-S1000A2 is a universal sound processor designed to be a hide-away upgrade for your factory stereo. It unlocks the true potential of your original system, delivering high-quality audio that you can fully control. Simply connect your device and use the Pioneer Sound Tune app for an effortless, customized sound experience.

Dimensions: 170 mm (W) x 40 mm (H) x 95 mm (D)

Google Inc. The Instagram name and logo are trademarks of Instagram. Amazon, Alexa and all related marks are trademarks of Amazon.com, Inc. or its affiliates. STARVIS is a trademark of Sony Corporation. Other trademarks and trade names are those of their respective owners. Pioneer and the Pioneer logo are registered trademarks of Pioneer Corporation. Features and specifications of the products described or illustrated in this brochure are correct at the time of printing but could change as production changes might occur. This brochure may contain typographical errors and the colours of the depicted products may deviate slightly from reality. Consult your Pioneer dealer to ensure that actual features and specifications match your requirements. This brochure may contain references to products that may or will not be available in your country. Pioneer has a team of expert professionals across Europe who have the knowledge, experience and passion to be able to sell and install the Pioneer's Z and D series. For details of where you can find these Pioneer partners, please visit www.pioneer-car.eu. The EU Directive establishing the European Electric Communications Code ("EECC") on the Digital Audio Broadcasting ("DAB") is to be implemented by all EU member states by 20 December 2020, so that the concerned legislation may vary per country and is subject to change. Therefore, we recommend to consult the status of the national legislation of your country before purchasing a non-DAB car radio receiver. The DAB/DAB+ Digital Radio products listed are Digital Radio Tick Mark Approved products. This means Pioneer has met the minimum Digital Radio specification, verified by independent testing. All Pioneer products that use this Digital Radio Tick Mark have been independently tested and approved so you can buy with confidence. For an overview of our European offices, distributors and support, please check: www.pioneer-car.eu/contact-us. For detailed information concerning Pioneer's environmental policy, please visit: pioneer-car.eu/about-pioneer/environment. Images used are for illustrative purpose only. Vehicle not included.
