

Pioneer is an international company in which around 7000 employees worldwide develop and produce innovative, high-tech car entertainment products. Our goal? Making your mobility experiences safer, smarter, and more comfortable.

Would you like to help carry this vision forward? You can! To strengthen our R&D team, we are looking for a **Test engineer**.

### **Your responsibilities:**

- Plan and prepare tests by reviewing requirements and creating test plans that cover all critical features and risks.
- Execute tests according to defined test cases in the correct environment. Document any defects or unexpected behaviors accurately.
- Collect evidence such as test logs, screenshots and steps to reproduce issues.
- Write clear test reports that summarize results, highlight severity and are easy to understand for the relevant stakeholders.
- Act as a technical liaison between internal teams and external partners. Provide timely, accurate feedback to support a smooth development progress.
- Support sales, marketing and service teams with technical insights in simple language.
- Manage time effectively by prioritizing tasks and meeting deadlines. Use organizational tools to handle multiple responsibilities efficiently.

### **Do you recognize yourself in this?**

- You have a pro-active & forward-thinking mindset.
- Strong analytical and problem-solving skills. You base yourself on facts, not assumptions.
- Solid communication skills for both technical and non-technical audiences.
- Experience as a test engineer is a plus, but not a must. Our experienced colleagues are happy to train you!
- Bachelor's degree or higher, preferably in Electronics Engineering.
- Fluent in English, knowledge of Dutch is considered a plus.
- You have a Driver's license.

### **We offer you:**

- A job in a great team within an international working atmosphere
- An attractive salary package
- Group insurance and hospitalization coverage
- Meal vouchers €8 per day & Eco vouchers €250 per year
- Various training opportunities
- Flexible working hours and the possibility to work from home

### **Interested?**
